

DELTA ZETA

JUNE 1975

We receive many notes attached to the report forms, and every week we find one of our "girls" turning up in far places as alumnae chapter editors. These and the extra notes from the college chapter editors make it all worth while. This note from the Minot chapter editor told of their province day:

"There were three carloads of fired up Theta Pis who came back from province days this fall. It was an honor in itself to meet Grace Mason Lundy. I speak for all the girls and I'd like to say that Mrs. Lundy opened the doors to places, and ideas, we had never dreamed of before."

Yes, dear little sisters, this female Pied Piper has been leading Delta Zetas down the rose and green path for several college generations. And we'll let you in on a secret. She will be on the convention program and will lead you to further places.

Becky Bardon of Theta Chapter at Ohio State is sad that her editorship job is over but wanted to tell us that there is a Nevada, Ohio, also- her hometown.

If you read your DZ facts and history on page 28, you will learn that our National Headquarters decades ago moved with the National President. Can you imagine all of National Headquarters crowded into that post office box of Florence Harvey's in Westfield, New Jersey. Floss tells us that she gets many letters asking if she really lives in the post office. I'm sure she ofttimes feels she does, but honest, she does have a home of her own, two in fact, one in town, one at the shore.

On pages 26 and 27 we have included two personal reference forms so that you may send the appropriate collegiate chapter information on special girls you would like rushed by Delta Zeta. If you have more than two, just write a letter to the CCD or chapter president (see Directory) containing the information, and do mail in plenty of time so that the chapter can contact your girls.

The LAMP mailbox is full of interesting correspondence with diverging opinions on practically everything printed.

Congratulations and welcome to 1975. THE LAMP has finally acknowledged in its January 1975 issue that there IS a woman's movement and that Delta Zetas ARE involved in it. I had just about given up hope of that ever happening. Please keep it up! Sisterhood has a whole new meaning!

Karen Schafer, EX Joplin, Missouri This is to let you know that I, and thousands of wome across the country, are using all of our talents and doing a multitude of constructive, dynamic activities within the scope of one, and only one, career—homemaker. I chose freely, and with a great deal of thought and self-searching, to make the one unique and totally committee contribution to the world that I can make by bringing to my husband, home, and children the sum total of my talents and experience. If there is hope for the world is in children who know what love is, husbands who do not work too hard to convey it to them, and mothers who are most themselves within the four walls of their home

I consistently found the Lamp to unduly emphasize women for what they achieved, for their demonstrable accomplishments, and not for what they were.

Gay Hubbard Durward, Al San Pedro, California

To requote Anne Meierhofer: "Being liberated is attitude. I expect to be treated with respect for what can do." (page 9)

Thank you for the article on Gallaudet College in the January issue. I first became aware of the needs and opportunities of deaf people in The Lamp about fifteen years ago when I joined Delta Zeta at George Washington University and tried to find out more. Now I am seminarian assistant here at St. Ann's Church for the Deaf which was founded by the Rev. Thomas Gallaudet. I have shared the article with our congregation and a senior citizen's group which meets here also. Many people expressed interest both in the articles and in the concern for the needs of deaf people which Delta Zeta has shown. I will also keep for reference Debbie Blackmon Cox's article. As a woma in an Episcopal Seminary and quite involved in the controversy about women in the priesthood I am becoming aware how deep the misunderstandings of both men and women lie. I hope to be ordained as a deacon in June to lowing graduation from the General Theological Seminary.

Sister Columba Gilliss, 09 New York City

Our gal at the NH files, Norma McIntyre,  $\Theta$ , alerted to an unusual name and so we wrote to Alpha Omes Sigfrid.

As to the name my father gave me "Alpha Omega", took 48 hours coming into the world causing such a big disturbance that he told mother "she is Alpha and Omega the beginning and the end." Ouray, is a small town surrounded entirely with mountains ten thousand or most feet high. There is no Delta Zeta chapter near me so monly association is with The Lamp. My sorority sister Los Handen in California does keep me in touch. If you end come this way would love to meet you.

Alpha Omega Sigfrid, E Ouray, Colorado

We just read the beautiful tribute you wrote in memor of our dear Bernice Hutchison Gale in the last LAMP As life long friends of Bunny, may my husband and I then you. We were deeply moved by your wise choice of word and your magnificent expression of thoughts. We have established a memorial for Bunny.

Pearl H. White, San Francisco

# LAMP of Delta Zeta

## President's Message

from Westfield, New Jersey

"Delta Zeta's Heritage and Horizon" is theme for our 1975 National Convention. As sister in Delta Zeta it is axiomatic that known about our Delta Zeta heritage is important the conduct of our own lives. True, heritage not always an infallible guide but with the knowledge of it, we are able to follow an intelligent course to our future . . . our Delta Zeta horizon.

Delta Zeta has a fine heritage of achievements and events of which we can be prove. Through the wisdom of our past we can give support to the present so that the continuity Delta Zeta is assured.

We Delta Zeta sisters can learn from yesterday, live and develop programs to best sent today, and then envision our tomorrow as a interpretable of the should always remember that in a very special way we do belong to Delta Zeta; we believe in Delta Zeta, and all of us are Delta Zeta. We can indicate this by our thought and our actions.

There are those who advise us not to remember the past, but with today's problems we need to reflect upon our significant accomplishments: the heritage of Delta Zeta. We can the reach out with renewed effort to find and shall those challenges which are stimulating to we continued personal growth as a sister in Delta Zeta . . . adding new dimensions to our Delta Zeta horizon.

Florence Elizabeth Harry

The National Council of Delta Zeta is happy to announce the installation of

## LAMBDA OMICRON CHAPTER

Angelo State University, San Angelo, Texas on April 26, 1975

## **DELTA ZETA PIONEERS**

## AT TEXAS A & M

By Debbie Killough, AE,

"We finally made it!" smiled president Patsy Hedges through the tears as she addressed the newly initiated Lambda Xi chapter at the installation banquet held on April 6. It had been a momentous day for the new chapter at Texas A & M University with initiation services held at the Holdiay Inn and installation banquet held later that evening at Briarcrest Country Club.

The idea of starting a sorority at A & M began with some members of the Alpha Tau chapter at the Uni-

versity of Texas. They sent letters to several people at A & M and on November 9, three girls from A & M, Patsy Hedges, Elaine Bennett and Martha Bassett, met with eight girls from Alpha Tau chapter and with Carolyn Gullatt, Province Collegiate Director for Texas. They discussed the possibility of establishing the first sorority at Texas A & M. Their interest led to the second meeting on November 19 with about 15 girls attending and discussing again the possibility of the sorority with Carolyn Gullatt in the Krueger-Dunn Commons.

Front row at Texas A & M installation: Ethyl Burgess, Lou Cashion, Candy Burt, Becky Woodruff, Debbie Killough, Susan Scott, Becky Runkles, Sharon Sloan, Carol Cangelosi, Rosemary Scarmardo, Mandy Tindall, Patsy Hedges, Caren Cotropia, Ellie Barrett, Jacque Kmiecek. Second row: Mary Bedgood, Karen Broom, Debbie Paterson, Cay Beard, Jan Moore, Susan Eller, Roxanne Smith, Carol Goehl, Susan Donaho, Sheryl Taylor, Jo Adamietz. Third row: Sharon Cashion, Bettye Cloud, Terry Henshaw, Elaine Bennett, Martha Bassett, Bev Barnes, Cheryl Langford, Susan Kelly, Bev Brademan. Members of Lambda Xi chapter not pictured are Debbie Read, Leigh Williams, Edith Matchus.

Academic Building on Texas A & M campus. Freshman Corps members are shining statue of "Old Sully."

The University Center, named after J. Earl Rudder.

Debbie Raziano, Field Representative, and Car lyn Gullatt met with the girls for the third time November 25. With twenty or more attending, the voted not only on establishing the first sorority A & M, but also that it would be a chapter of De Zeta. The weeks that followed were busy and exc ing as new members were sought and meetings we organized. On November 5, Debbie Razia pledged 20 girls. Officers were also elected as to lows: President, Patsy Hedges; Vice President Rush, Cay Baird; Vice President for Pledge Train ing, Debbie Read; Treasurer, Cheryl Langford; R cording Secretary, Susan Eller; Corresponding Secretary tary, Becky Woodruff; Activities Chairman, Cand Burt; and Social Chairman, Mary Bedgood. More rushing and pledging of new girls, along with mee ings and parties, followed as the girls' anticipate grew towards the day they would be installed.

Finally, the long awaited day arrived, brings with it memories that would be cherished in a years to come. The initiation service was held Suday, April 6, and two alumnae were initiated in the sisterhood of Delta Zeta. Members of Gamz Zeta chapter from Southwestern University, De Theta chapter from the University of Houston at Zeta Psi chapter from Stephen F. Austin Universited the pledges through the initiation ritual.

The day had only just begun for the initiate though, as they arrived at the Briarcrest Count Club the same evening for the installation banque Initiates and their guests went through the receiving line where they talked with Betty H. Agler, Past William President, Arlene Newman, National Secretary, Patsy Hedges, President of the chapter and Location, CCD and an alumna initiate. Arlene Newman served as Toastmistress for the banquet, who Mary Margaret Fore, Province Alumnae Director, sponded with big tears in her eyes, "We finally making!"

Debbie Raziano who had worked long and he with the girls and has been their source of encoragement received a standing ovation as she stood greet the new chapter. It was a touching moment the initiates, along with Debbie, realized the dreams had come true.

Lending great dignity to the occasion was instituting officer, Betty Agler. After installing the initial and two alumnae, she handed Patsy Hedges gavel which made it all final. Surprises followed gifts were placed before Patsy to open. Our Nation Council sent a sterling silver punch bowl and and Arlene Newman started the chapter off with

punch glasses. The alumnae chapters in Texas sent a silver candelabra with the collegiate chapters sending one also. The Houston Mothers' Club added to the collection of gifts with a sterling silver dish and the chapter at the University of Texas at Arlington presented Lambda Xi with a creed mounted on a plaque and a stuffed turtle.

Upon recovering from the shock of the beautiful gifts, Sharon Cashion, Karen Broome, Becky Woodruff, and Candy Burt proceeded to present Mrs. Agler, Miss Newman, Mrs. Fore, and Mrs. Gullatt with Aggie coffee mugs containing potted plants and turtles. Debbie Raziano was presented with a pewter mug with the A & M Seal and an inscription that read, "With love, Lambda Xi."

As Leah Sellers sang "Roses I Give Thee," each new member was presented with a long stemmed pink rose. One of the most touching moments came as the girls drew into a Friendship Circle and sang, "Remember" and "Delta Zeta Lamps are Burning."

A party followed the banquet at Cashion's home where they celebrated and relaxed. Many activities are being planned for the future such as money raising activities, parties and helping the community.

It was a long, hard road for the 36 girls as they sought to add another tradition to the Texas A & M campus by establishing the first sorority, but as April 6 came to a close, there was a deep satisfaction and joy of the girls as they became the 178th chapter of Delta Zeta.

At the traditional Delta Zeta Rose ceremony, Debble Raziano, Field Representative, accepts long stemmed roses from Roxanne Smith

Carolyn Gullatt and Mary Margaret Fore, Lou Cashion, Debbie Raziano, Mr. Cashion, Betty Agler and Arlene Newman at the party held in the Cashion home after the installation.

Three generations of Delta Zeta were present at the installation, Joyce Cashion, AT, Ethyl Burgess, AE Sharon Cashion, AT, and now affiliated with Lambda Xi, Lou Cashion, Lambda Xi CCD, Shelly Cashiot AT at the University of Texas.

Holding hands during the traditional Friendship Circle at the end of the banquet are Patsy Hedges, Man Margaret Fore, Betty Agler, Arlene Newman, Leat Sellers, Carolyn Gullatt, Debbie Raziano, Betty Dolon and Stephanie Harris.

Entrance to Texas A & M campus Systems Building.

# Honored at Illinois Wesleyan

Anne Melerhofer, AB Foundation Trustee

When Anne Meierhofer retired from the Illinois Wesleyan University campus, they named the facilities she developed the Anne Meierhofer Career Planning Center.

Anne, who is one of the Delta Zeta Foundation's trustees and was for many years chairman of the Helen Nolop audiology scholarship committee, started her college life at the University of Illinois where she was Rush chairman, then President of Alpha Beta chapter. She has a master's degree in guidance and personnel from Northwestern University. Her first jobs were as principal in an elementary school in her home town of Minonk, Illinois, and then as critic teacher of English at Michigan State University, then residence counselor at Stephens College.

When she arrived at Illinois Wesleyan she was dean of women and professor of speech, but later was named dean of students. Her last five years with the university she was director of a new office, that of career planning. She worked with students from their first freshmen days emphasizing that the career they chose should also fit the life style they prefer.

Chosen to deliver the annual Honors Day convocation address last May, Anne spent little time on sen-

timental reminiscenses, but told the seniors "the world of tomorrow will be shaped by the trained mind and the creative imagination."

More contemporary-thinking than some of the college students she counselled, Anne firmly believes that we live in a time of equal opportunities, but she speaks loud and clear on the need for planned career preparation. When she planned on retiring, she sold her Bloomington home and moved to Bradenton, Florida, where she was offered a completely non-academic job. However, she finds life in Florida full to overflowing and no time for work at the present.

Anne would find life anywhere overflowing. In addition to her University job, she was president of American Association of University Women, State officer for Delta Kappa Gamma, a member of the White House committee on Children and Young, and for eight years on the national council of Alpha Lambda Delta, the freshman scholastic society.

When she was interviewed by the Daily Pantagraph her answer to a question about women's lib was "I've felt liberated for years. Being liberated is an attitude. I expect to be treated with respect for what I can do."

# Campus Sight

CLASS OF '75 and what it can expect of the job situation is being discussed by everyone. With statistics available to support any line of thinking, the projections are reminiscent of Charles Dickens' "It was the best of times, it was the worst of times. . ." It does seem clear that the days of the giant rush for new degree holders is over, but jobs are there and waiting for the man or woman who is not tied into a single job expectation image or location.

FRESHMEN, FALL 1975. Educational publications eagerly await the results of studies and polls which focus on the newest crop of college freshmen. This interest was no doubt further generated by the student of the late 'sixties and his effect on the college campus. This year the pollsters report a "middle of the road" crop who seem to believe what most other people believe. The Chronicle of Higher Education says they are more cautious and more conservative than their recent predecessors in political, social, and academic views. Applied sciences are growing in career choices while the number of freshmen aiming toward a teacher's certificate is the lowest in many years.

CAN'T READ, CAN'T WRITE is the continued cry of persons dealing with the student population, and it is a subject which has already received comment in this column. Many critics are quick to blame, and there are remedial trends in the making: (1) a number of colleges are returning to required basic English courses—though they feel the meat and potatoes should have been offered and digested in high school; (2) remedial reading is offered for those who know they don't read well, and (3) in at least one academic area (economics) a new text finds the subject matter presented in basic, common sense words which the author says might be pretty dull to a bright student.

BICYCLES have a place on campus, but a place for on-campus bicycles has proved to be a problem in parking, protection, and vacation storage. Locked garage space is rented some places, while in dorms where it is allowed, students tote their bikes with them to their rooms. Sorority house lounges and formerly gracious entrance halls have become cycle parking areas, and the University of Illinois offered an indoor tennis court for bike storage with guaranteed protection from theft and damage over the Christmas holidays.

CONTINUING EDUCATION was a new term a decade ago. It meant programs encompassing courses, primarily in the self-enrichment areas, available to women who either wanted to continue an education interrupted by marriage and children or women bored with bridge and shopping and in search of new dimensions. Today about 500 institutions offering continuing education programs-and many others where women enroll like other students —report that this segment of the student body has continued to grow and to develop new directions. These are mature women, serious about their studies, with well formed direction and dedication, women who "won't put up with irrelevant learning." One literature professor, who had anticipated his continuing education class as an assignment he had to put up with, reported that this could be the most exciting audience he had met in his years of teaching. "These women read with perception and understanding. They relate to literature and experience because they have had a lifetime of experiences, too." The current term for these students is "reentry women."

IN THE BOOKSTORES: As 1974 ended the campus reading survey reported that across the nation How To Be Your Own Best Friend, The Joy of Sex, and Tales of Power were one, two, and three respectively. Centennial, number eight, surprisingly made the top ten within weeks of publication in hardback and without paperback yet on the market.

# and Sounds

WATTS LINE: More than a decade ago telephone companies contemplated a new discovery, that a small segment of the population—the college student-was the greatest user of long distance during the late evening hours when businesses were closed and most other people had gone to bed. Heady thoughts indeed when one considered the possibilities: an existing market ready to be doubled, even tripled, with such incentives as lower evening rates, direct dialing, etc. Habits could be formed which could result in a lifetime of phone revenues. And so, as not only the college student but the entire population learned to direct dial and was convinced that it was cheaper and more satisfactory to phone than write, the word WATTS line entered the vocabulary of further convenience. Students, though not considered a market for WATTS, were quick to realize its potential and anxious to make it fit their well-formed phone habits. They did some figuring. A state-wide WATTS line installed in a fraternity or sorority house could save money and eliminate those troublesome individual bills. At the University of Mississippi one chapter with 100 members installed a state-wide WATTS line and bills its Mississippi members \$7.50 each month, out-ofstaters \$2.00. Everybody has ample phone time, everybody saves money, everybody is happythe treasurer happiest of all.

PUTTING WEEKENDS TO WORK is the goal of a growing number of institutions which are loath to see campus facilities idle and at the same time are aware of potential students out there. Employed persons say that the weekend class time is preferable to evenings because "we have more energy then." Where the idea has been put to work, both students and schools are agreeing that it is a success. Class hours are between 7 and 10 Friday evening, 9 til 4 Saturday, 1 til 4 on Sunday, and courses range from judo or square dancing to graduate seminars, often advanced degree requirements which a student may attend for three hours on Saturday rather than shorter evening sessions two evenings a week. This also makes the same course available to the person

beyond commuting range, possibly driving 100 miles or more for the single Saturday or Sunday session.

**INFLUENTIAL LOBBIERS:** The University of California Student Lobby was rated among the 12 most influential lobbies in the state capital, according to a poll of legislators by the *California Journal*.

FOREIGN LANGUAGE requirements, either for entrance to college or for graduation or both, have brought generations of groans and grumbling from all but language majors. In the past decade the number of schools dropping this requirement has dropped significantly. The Association of Departments of Foreign Languages' survey shows that 1965's 90% with degree requirements in foreign language diminished to 76% in 1970 and 56% this year. Half of these schools do have at least one department retaining language in curriculum requirements, however.

FOR ENGLISH MAJORS the job hunting scene has never been easy, and many secured a teacher's certificate as a sort of insurance. The University of Missouri may be a pioneer in amending this situation. It has established its first placement bureau for the College of Arts and Science with an emphasis on aid to this silent majority who are "qualified for a variety of jobs because they are trained to be competent researchers, careful readers, skilled writers and orderly, creative thinkers," according to a University spokesman.

NEW LOOK AT GRADES is being implemented by a program in the California university system. After a five year waiting period, a student may erase an entire year of poor grades and start over. The same approach is being applied to disciplinary records at the University of Miami where students can clean the disciplinary slate by serving a period of community volunteer work.

—Prepared by the Operation Brass Tacks Committee of the National Panhellenic Editors Conference.

Karen Eichhorn, OT Findlay Sigma Pi Sweethear

Admiring both the paddle beautifully decorated by a pledge of lota Delta chapter, Edinboro, and the Mayor's Trophy, Florence Harvey, National President, met with chapter officers Kelly Kircher, Melonie Pasikowski, Diane Diorio, Linda Woodard, Sue Seiwitz, and Kathy Gatti. For the second time, the chapter has won both the Greek Sing and the Mayor's Trophy for the best Homecoming Float. Forty seven years ago this chapter was started by nine coeds as a local sorority with the Dean of Women, Florence Kunkel, an aunt of National President Florence Harvey, as a charter member and advsior. Today, as lota Delta Chapter of Delta Zeta, it is the largest sorority on campus with many unique traditions and honors including Rose Sister of the Month, Senior Critic elected each semester to present her comments at each chapter meeting, and Greek Olympics sponsor. "Service to Others" guides their philanthropic endeavors which include volunteer hours in the Mainstream Program, ten years of financial support to a Navajo Indian reservation girl, and giving of time and talents to needy area children.

"2001: A Delta Zeta Odyssey was the theme for Gamma Chi's successful rush party. Wearing their original outfits are these members of the Ball State chapter, Kathy Hilbrich, Viv Winter, Chris Slack, Becky Seigfreid, Nancy Steel, and Sandy Chenoweth. The suite was transformed into an outerspace world with the help of aluminum foil, glittering stars, and a special box at the entrance of the suite to energize quests.

Captain Ben Litwin and daughter Patti, a junior at Bucknell, both licensed boat captains.

Over the years the numerous and varied activities of Delta Zeta sisters have encompassed many fields, and now there is yet another area in which Delta Zeta can boast of a member's accomplishment.

Not quite typical of the salty sea captain stereotype, Patricia Litwin, Beta Theta junior at Bucknell University, is a licensed boat captain.

The ocean operator's license is issued by the U.S. Coast Guard, and Pattie can operate vessels up to sixty gross tons as far as 100 miles offshore from Block Island and Rhode Island south to Cape May, New Jersey. She obtained her license last summer after two months of class instruction in a variety of subjects from rudimentary seamanship, use of nautical charts and knowledge of navigational features, to life saving and fire fighting techniques.

The requirements included a physical examination; knowing how to determine, lay off and plot compass courses and distances on a chart; allowing for set and drift of currents; fixing a vessel's position by bearings of fixed object(s); handling a vessel under storm conditions; emergency repairs; knowledge of local winds, weather and currents; a working knowledge of both international and inland light and sound signals and laws; precise maneuvering procedure; anchor techniques; storm warnings; and handling of boat fuel for gasoline and diesel engines.

After completing these summer studies and submitting documented evidence of three years experience on a boat, Pattie took the five and a half hour

# Bucknell Sea Captain

written examination to become one of the few femals boat captains on the East Coast, and the younges woman in her Coast Guard District to ever receive an offshore license. An avid fishing enthusiast, Pattle has spent her summers and vacations helping out or board the "Captain Ben Litwin", her father's 65 foot fishing boat out of Captree, Long Island, New York. The boat is fully equipped electronically with radar, sonar, two lorans (navigational aids), depth recorder, automatic pilot, radiotelephone and public address system.

Bluefishing is a favorite pastime for Pattie when she's not working on the boat "because the fish put up a good fight". Last summer, serving as Second Mate, she won a coveted prize in the Robert Moses, Jones Beach and Captree State Parks Fishing Contest for catching a 17½ pound bluefish.

"Having spent so much time on the water, it was natural for me to want to get a license", Pattie said. At Bucknell, Pattie is keeping herself busy as Beta Theta Chapter's housing and courtesy chairman as well as serving on the alumnae committee. She was president of her pledge class, and modeled for Delta Zeta at the annual Panhellenic banquet this spring.

Lou Ann Koptis, Susan Suddeth, and Joyce Locascio are Tide Team mates at the University of Alabama, all from Alpha Gamma chapter.

Kim Finch, ZZ, West Texas, practices with a favorite mount.

Sherry Plyler, AI Alabama Who's Who

## Texas Equestrian

Kim Finch, ZZ, 20-year-old West Texas State University coed, had never thought about being an equestrian rider until 18 months ago — now she's planning a trip to England to become a qualified assistant equestrian instructor.

Kim graduates in August, just in time to pack her jodhpurs (riding pants) and hacking jacket and leave for Crabbet Park Equitation Limited, an equestrian school 35 miles south of London. Her objective in taking the four month course spread throughout one year is to earn the British Horse Society's instructor's certificate. She'll take an examination after completing the course to determine her qualification for an assistant equestrian instructor.

During her year-long stay as a working student, Kim, reared in Amarillo, will live at a student lodge on the grounds and help care for English thoroughbreds. The course itself will consist of classroom study along with practice in riding. She will be tested in four major areas — equitation, stable management, and horsemanship, learning minor ailments, and powers of instruction.

She attended Texas Tech for one year as a voice major, then transferred to West Texas where she changed her major to English and took up the "riding habit."

Merrietta Smith, ∆ De Pauw Mortar Board

Cynthia Vaughn, ∆ De Pauw Mortar Board

Alice Shelly on the job in her yellow hard hat.

# The Girl in the Yellow Hard Hat

# Alice

Alice Shelly,  $\Gamma$ A, Baldwin-Wallace, is doing a "man's job" and loving every minute of it. As chief specifications writer for a architectural firm, she is the only woman holding such a full time position in the state of Hawaii. Recently she was cited in a national professional publication as "reputed to be one of the better spec writers in the Pacific area."

She is a charter member of the Honolulu chapter of the Construction Specifications Institute and its first treasurer. She has held a number of offices in the organization, including that of president. A past Regional Program Chairman for Hawaii and California, she is currently Educational Committee Chairman and is working with the University of Hawaii Architectural Department in developing a comprehensive course in specification writing. She was awarded a "Certificate of Appreciation" at a regional conference in 1973.

Just what is a specification writer?

A "spec" writer must be able to analyze an entire construction project from a set of plans and, working with the architect and project manager, select and specify virtually all needed materials for the project. He or she must know how easily these materials can be obtained, their prices, quality and durability. A spec writer must also have a grasp of basic construction methods, specialized equipment and techniques.

Now, just how did Alice get involved in this field? After receiving her B.A. in psychology at Baldwin-Wallace College in Berea, Ohio, and working in the research department for Standard Oil, she headed for Hawaii. She worked as a jill-of-all-trades with a temporary help outfit, handling a variety of chores from telephone operator to bookkeeper while she got to know Honolulu.

The spec writer at the firm Alice now works for wanted an assistant to train as a replacement. Through a mutual friend, he contacted her, interviewed her, and hired her.

Although not a militant feminist, she has strong ideas about the role of a female in what many consider a man's profession:

A lot of characteristics in spec writing are essentially feminine: (for example) attention to detail . . . Men lean toward a broad overlook. . . and don't want to be bothered with nitty-gritty details of how a thing's done or put together: . .

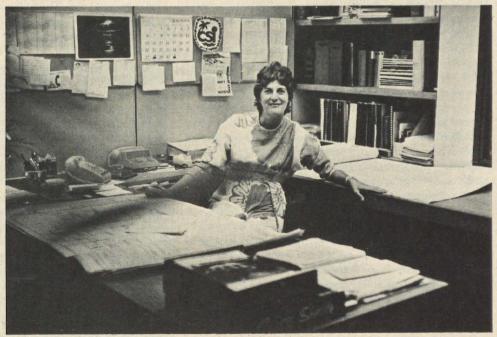

Alice says she's felt no discrimination in her profession, even though her mail is sometimes addressed to Mr. Alice Shelly. Her first day on the job did cause quite a stir. The brawny operator of a heavy piece of equipment was so intent watching her stride through the construction site in her yellow hard hat that his equipment rolled back into a ditch and almost overturned.

To sum it all up, a successful specifications writer has to be part architect, part engineer, part quality controller, part research sleuth, and have a mind almost as efficient as a computer. In spite of her career's demands, Alice has been a mainstay in the Alumnae group in Honolulu for the past 13 years, having served as president for 3 separate years. Before that, she belonged to the Cleveland Eastside Alumnae and established the "Junior" group within that organization. In 1963, she organized and developed a "Hawaiian Party Kit" used at college rush parties.

She is also active in Young Republicans and has held various county and state offices. She has been a delegate to each State and County Republican convention from 1962-1972. She was selected for Who's Who in American Politics in 1969.

For all her activities, it is no wonder that she was chosen to receive the "Outstanding Service Award" from the Honolulu Business and Professional Club in 1967 and chosen as "Citizen of the Day" by radio station KGU on September 27, 1971.

As one of her fellow alumnae said, "If we were to write out our 'specification' for an all-round, dependable, versatile, hard-working gal, Alice would 'fill the order' superbly."

Alice Shelly checks specifications for a new skyscraper in her Honolulu office.

# PORTLAND ADOPTS LIBRARY

By Ruth Lundgren Pasley, X, Portland Alumnae

In October of 1971 when Dr. Wallace Bruce, director of Tucker-Maxon Oral School, Portland, spoke before members of Portland alumnae on "Educating the Hard of Hearing Child", Gladys Everett,  $\Omega$ , a well-known Portland attorney, walked in to the meeting stating "I'm interested. I want to be involved."

That was the embryo of the idea of the local philanthropic service project which would tie in, in kind, with Delta Zeta's national service project. During that year the need became apparent for a professional library for teachers and interns at Tucker-Maxon Oral School and Portland alumnae responded with an affirmative vote to embark on the long-range project to establish and maintain such a library.

While Gladys continued to inspire, Portland alumnae set out to raise funds in large amounts with Ruth Lundgren Pasley, X, chairman for this purpose, and the Delta Zeta Library at Tucker-Maxon Oral School became a reality. "Keep the Lamp Burning", appropriate for a library and meaningful to Delta Zetas, were the words added to the placque at the library entrance.

In 1973 Portland alumnae applied for a national  $\Delta Z$  grant to assist in purchasing books, magazines and journals. They were pleased to receive the \$300 grant, the largest philanthropic award made to an alumnae group at the Palm Beach national convention. That was the boost needed and to date, \$2,000 has been contributed by Delta Zeta to the library, approximately one-half of that amount representing the pro-

ceeds of certain portions of the estate of the late Lillian Flint Penepacker,  $\Omega$ . Recognition of Portland alumnae's efforts were noted in the fall 1974 edition of "Tucker-Maxon Topics" — "as the school continues to increase the number of volumes in the library, it is fast becoming one of the largest specialized libraries on deafness in the Pacific Northwest".

Tucker-Maxon is one of fewer than a dozen truly independent schools for the deaf in the United States, receiving no public tax monies. The school has an enrollment of 65 children, ages 2 through 15 representing six western states and 2 Canadian provinces. Teacher-pupil ratio is 1.6.

Teaching with the philosophy that no one is totally deaf and through the use of all equipment available, assists the student in using all available hearing 80% of graduates leave with intelligible speech (national average is about 30%). Average reading level of its graduates is almost two grades above the national level.

Students enter local high schools with the assistance of a faculty member during a six-month transitional period. Students are trained to become useful in the community and take their position as a citizen. There is no dormitory situation in the school; each "hard-of-hearing" child lives in a family with hearing persons to become accustomed and relate more easily to the world in which we live.

And so Portland Alumnae are keeping the Lamp burning.

# Never on Thursday

by Elizabeth Stevenson, AX Los Angeles Alumnae

Ada Gamble,  $\Delta\Psi$ , has a policy of "Never on Thursday" for all other activities because she has faithfully given that day every week for eighteen years to work at the Assistance League in Hollywood. She and six other members of the Ann Barkley Workshop Auxiliary make one-of-a-kind Christmas ornaments the year around.

These painstakingly made ornaments are sold in the League's gift shop, to provide funds for its philanthropic endeavors.

Ada's specialty is a table decoration she designed, made from a hollow sphere containing miniature figures of people portraying festive holiday scenes. The scenes may be made to order, and each one is different. She has become very adept at manipulating the tiny figures and at tying bows on one-half inch packages to be placed on miniature Christmas trees. Orders must be placed early to be finished in time for Christmas.

When Ada started as a novice, she had the task of glueing the borders on exquisite one-of-a-kind Christmas ornaments, designed by the auxiliary's founder, Mrs. Barclay. Now she is one of the women who seclude themselves each Thursday in the League's workshop making beautiful "baubles". The walls of the workshop are covered with shelves of boxes and bottles containing sequins, spangles, beads, ribbons and trimmings.

Over the years the collection of supplies has multiplied. During the earthquake of February 1971, these things were scattered all over the floor and members are still finding stray spangles and beads here and there.

Ada and her co-workers have devised ornaments with stained glass windows and decorations with parts that move. The exquisite miniature scenes in the hollow sphere and the beautiful ornaments made by Ada and her co-workers are the envy of other women's organizations who raise money for their philanthropies by selling hand-made articles. As well as Christmas items, members have made hand decorated Easter eggs and decorations.

It is very tedious work but Ada loves it, as eighteen years of devotion do prove.

## Delta Charter Pledge

# WISCONSIN PIONEER

Vada Perkins Williams,  $\Delta$ , has tremendous drive, always channeled with consideration toward civic work, helping others, working for and with her husband, aiding him and working for her children and the community. An attractive woman now 85 years old, retired from the business world, she continues with clubs that offer so much to the community. She has shared her life, her abilities and intelligence in a constructive way, giving of her time and energy to be a wonderful wife, an excellent mother, a civic minded female who has done so much through her lifetime for the town of Three Lakes, Wisconsin, and its residents.

Vada states, "There was a time in Three Lakes when my friends were few. I remember the day I arrived here, Fred, Marjorie, who was a baby and I were met at the station by Kitty Korzelius with her pony and cart and driven to Leo Bishops. From there we went by boat to Planting Ground Lake where we spent the fall while our house was being built.

"It was a beautiful day in early October and all nature was in full color. Coming from the farm lands of Indiana, where there was little to view, but cornfields, I fell in love with the north country and have never wished to live elsewhere. Our early days were pioneering and rugged, but we were young. Fred was gone from March to October and in the winter, travel was only by sleigh. There were no organized civic groups and little social life. As the years passed and more people discovered the peace and beauty of our northwoods, there were many changes. Now we have organized groups, cooperating and working for the good of the community. We are known for our hospitality and friendliness. Eighty-five years sounds like a long time. The number of years is merely a matter of statistics. What is important is how we spend those years."

For Vada, life has been an active, challenging one. She attended De Pauw University, Greencastle, Indiana, and Delta chapter of Delta Zeta was chartered when she was a pledge. Only few women of that day even completed high school. She worked and studied to finish an education that qualified her to teach Latin and English in the local high school in Goodland, Indiana. As a young teacher, Vada met her husband Fred, whom everyone called Cy.

During 1916, a Chicago reporter friend of Cys showed him a picture of the Northwoods, specifically the Three Lakes Area and emphasized the possibility of farming as a way of life. Cy was at that time playing with the Chicago Cubs baseball team. It was Vada's brother who came to the area and arranged for the purchase of fifty acres in Three Lakes Cy continued to play ball while Vada began life in Three Lakes, following a few years of life in Park Ridge, Illinois. The move to Three Lakes was made when Cy was transferred to the Philadelphia team. Vada set up housekeeping for the three children, Marjorie (Mrs. George Peschke), Marian (Mrs. Clifford West), and Forest.

The land did not, at that time offer the scenic beauty of today. It had just been cleared, prior to the purchase of the land by the Williams. Stumps were all over the property. The original house which still stands on the same spot, was a summer cottage until year round residence, required insulation for the colder days.

Vada took over the working of the property while Cy continued playing ball. Operated as a farm, it was used to raise certified seed potatoes that were sold to growers. Added to the farming was the raising and caring for a flock of sheep, some used for food and others taken to market. This part of the farm project ended when new born lambs were born with goiters, a condition that was not understood at that time. It was later determined that a lack of iodine in the water or some chemical caused the birth condition. Vada added a herd of Guernsell, cattle that made possible the preparation and sale of milk.

The three children, small at the time, were wonderful youngsters, entertaining themselves and without problems to Vada. With the size of the farm and the many responsibilities, Vada hired a foreman and two hired hands, which increased the work since she had to cook, board and take care of the laundry for the additional help. As the children gree older, each accepted a portion of the work and Vada states, "Without their help and cooperation, the work would not have been accomplished."

During the time the children were in school, Valuserved on the Three Lakes' School Board. The year was 1925 when she took office and continued until

1934. Both Vada and Cy were active and interested in the local PTA and served the school group in a most helpful manner. Vada also worked diligently for the women's group of the Union Congregational Church, a group formerly named the Conkle Circle, now known as the Women's Fellowship. She also sang with the church choir. She returned to her service as the clerk of the School Board. Vada states, "only the highways were plowed during those years. Side roads were never taken care of and in order to reach the school and the Board meetings, I would use snow shoes to get to the highway and then walk to town, a distance of perhaps three miles."

The years 1941-42 were World War II years when great emphasis was placed on war gardens and the processing of food. Vada was asked by the Oneida County Agent to act as instructor for sewing, gardening, and canning and especially the use of the pressure cooker for preserving the garden produce. Although her title was Emergency War Foods Assistant, in reality she was the *Home Agent* for the three local counties; Oneida, Forest, and Vilas. Vada not only instructed the homemakers, but also several women's clubs and the 4-H Clubs.

While Vada was demonstrating to the women's groups, she became aware of their civic aims and decided Three Lakes should form a Woman's club. The idea developed into the most successful club formed in 1945. She presided as president and was a charter member of the group she organized. Vada also served a second term several years later and was also honored as a County Federation President.

Through the Three Lakes Woman's club, the Three Lakes Library became a reality and Vada's civic interest carried over to the Community Building where the Women's Club furnished all the kitchen needs, made drapes and continues today to assume certain responsibilities for the local building. For more than 35 years, Vada served as secretary, book-keeper, and office manager for Cy's construction business, known as Williams' Construction. She retired in 1972 when the business was sold.

The latest group for Vada to join is the D.A.R., one more civic minded organization. Vada is honored as a charter member of the National Association established locally two years ago.

Vada Perkins Williams

This editor's husband was delighted to wake us for an early morning telephone call from BETTY FORD. This call came, not from Washington, but from  $\Delta Z$ 's Betty Ford who lives now in Sheboygan, Wisconsin, and was originally from Coe College in Iowa. Our Betty Ford wanted to contribute an article about a Delta Zeta friend whom she thought merited special recognition. In these days of ERA and Nostalgia running side by side, it is nice to look back at a life of one of our members who is still "doing" at the interesting age of 85.

Vada's philosophy is, "We have only one life to live, so make the most of it. . . In looking back over the past, try to recall the bright, happy experiences, enjoy the present and look forward to the future."

Vada was a charter pledge of Delta Chapter, when it was installed at De Pauw in 1909. Vada never mentioned her college honors to many acquaintances. She feared that her college training would make her look superior to her many less fortunate friends in that area where families were large and usually had only elementary school educations!

There is a lovely park for picnickers and swimming beach on Maple Lake right in the Village of Three Lakes, Wisconsin, named "Cy Williams Park." Many girls from that whole area became Delta Zetas because of Vada's quiet way of recommending them to Delta Zeta chapters in many states!

# OMAHA'S NOMINEE

Mary Elizabeth Shaw Kent,  $\Gamma E$ , Omaha Alumnae

For having brought recognition to Delta Zeta and the Greek system through years of service to her own chapter and her community as a homemaker and careerist, Mary Elizabeth Shaw Kent,  $\Gamma$ E, Drake University, was nominated by the Omaha, Nebraska Alumnae Chapter of Delta Zeta as "City Panhellenic Woman of the Year".

After taking additional courses at North Dakota State College and the University of Nebraska at Omaha, Betty began her career as a music teacher in the Omaha public schools. Co-sponsor of the Pi Mu music fraternity at the University of Nebraska, she also sponsored the Omaha Opera Society, and served as president of the Omaha Music Teachers' Association. An accomplished pianist, she was awarded two scholarships from the Art Publication Society to attend foreign music seminars in Siena, Italy, and Brussels, Belgium.

An Area Chairman of AAUW as well as chairman of that organization's music and creative writing committees, Betty was president of the PTA and directed its chorus which for many years entertained at all the local homes for the aged and at hospitals.

Sunday School teacher, Superintendent of the Jr. High Department, and Board Member of the First Christian Church, Betty has served as Director of Church Study, Group Leader, vice president of Christian Women's Fellowship, and Secretary of the Nebraska State Christian Women's Fellowship.

As a writer, she has had articles published in Music Journal, Church Musician, American Music Teacher; and devotional essays in Secret Place, The Christian, Disciple, Applied Christianity, Encounter, and Hearthstone. Her grandson, Erik, was the prototype for a story published by Rand McNally in the Real Book of First Stories. Betty penned a second Toddler Tale at the request of the editor which is in-

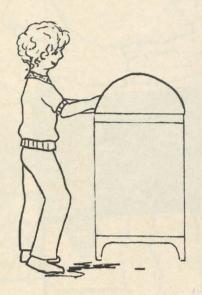

cluded in this same book entitled "Molle and Mrs. Neighbor". Betty gives her reason for writing as "I want to share experiences, attitudes, or philosophy. This may be due to my being reared by two ordained ministers, my father and mother. A former teacher, Mother was ordained in the twenties, and served as co-pastor and supply minister. At the time of her death she was vice president of the National Association of Women Ministers. Mother was a published poet and geneologist also. One of my father's sermons was edited by me and published posthumously".

Betty is a charter member of the Omaha Branch National League of American Pen Women, currently serving as vice president. As a member of the Nebraska Writers Guild which she served as secretary for 3 years, vice president for 2 years and president for two years, she is the second Delta Zeta to have been elected to this office. Peggy Benjamin also served as president before she moved to Tucson, Arizona.

A past state Regent of the D.A.R., Betty's other honors include three years as Senior State President of Children of the American Revolution, State Secretary of Colonial Dames, and President of the Women's Auxiliary of Craftsman Club.

Mother of two children, a son who is a design engineer, and a daughter engaged in research and evaluation for a private firm, Betty has served her alma mater as president of the Drake University Alumni Association.

An active member of the Omaha Nebraska Delta Zeta Alumnae chapter, Betty was a delegate to the 30th National Delta Zeta Convention. As alumnae chapter president, the chapter received the prized alumnae chapter award for Outstanding Alumnae Chapter at Province XII Day, 1974.

August, 1975

Dear Delta Zetza,

I am writing to tell you about a wonderful airl who will be on your campus this fall. I would like you to meet her and know that you will want to tell her about your chapter.

Sincerely,

nancy alumnae

RUSH

Deptember 1975

Dear Mrs. Alumner,

Thank you for

your letter about

Mary Jo. I am

so pleased to

tell your that ale

is now part of

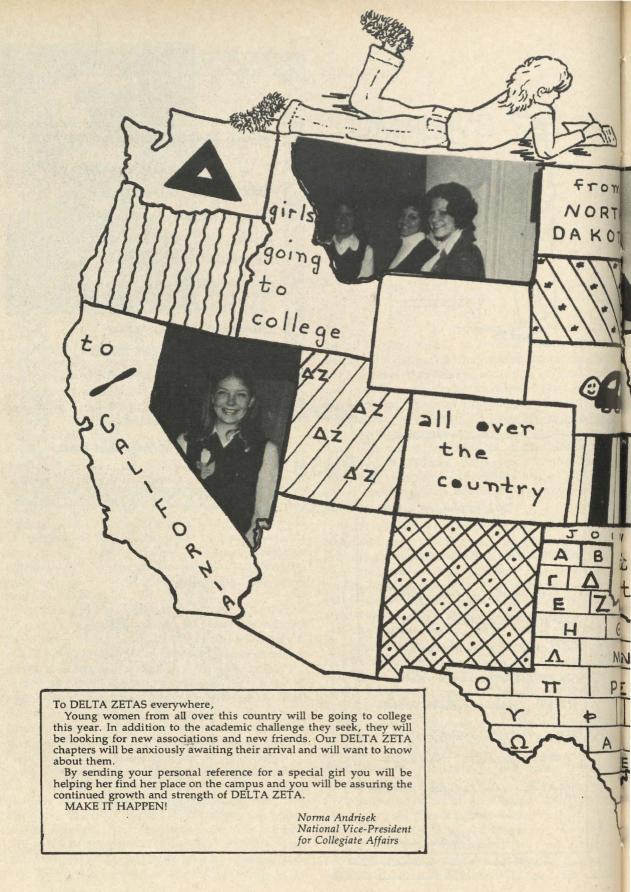

our great Desta

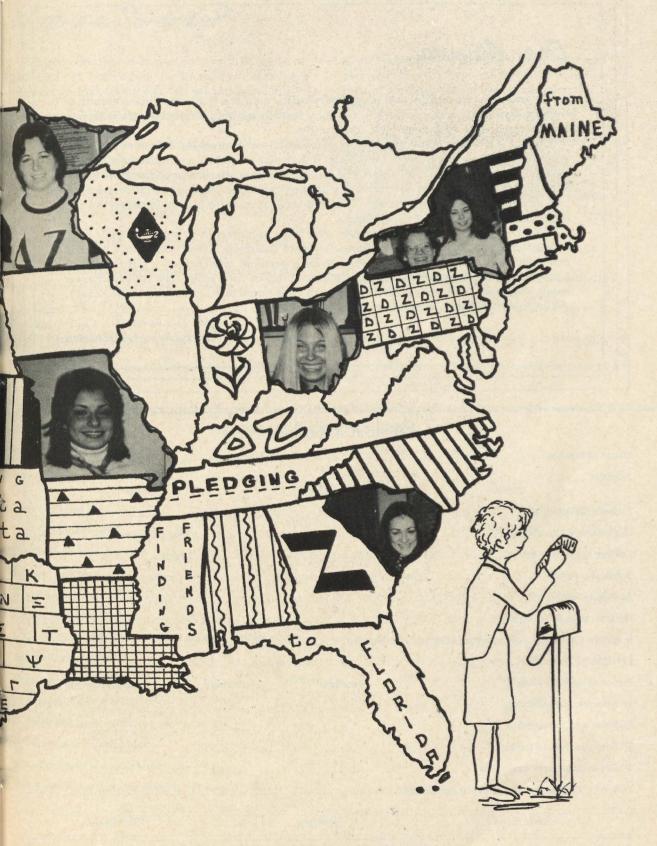

yeta pleage class

Lincerely,

Buth Rich Chr.

## Dear Alumna,

The greatest contribution you, as an individual, can make to the continued growth of high quality membership of Delta Zeta is by furnishing the college chapters with personal references of girls from your community.

Some of you know many girls whom you would welcome as Delta Zeta sisters. Talk with these girls, telling them of Delta Zeta. If they plan attending a school where there is a Delta Zeta chapter, do mail a personal reference to that chapter, or to the State Reference chairman asking that she forward it to the proper person. Give as much information as possible concerning the girl. This will serve as an introduction between the college chapter members and your friend.

Delta Zeta has hundreds of alumnae who have volunteered to work on their state committees, which is headed by a State Reference chairman. Even though your name is not listed, you may still receive a request for a personal reference on a girl from your community. You may be the only Delta Zeta living in your town. The college chapter needs your help. Wouldn't you like girls from your home town to become Delta Zetas?

The future of Delta Zeta is your responsibility!

Mary Lou Barth, A National Reference chairman

## What is a Sorority?

Field Representative Sue Adrianson, BM, spoke on the values of sorority at the Kentucky Panhellenic Conference, and ended her talk with this poem:

I've heard it said that a sorority is a waste of time; But I know better. . .

For I have seen the love and walked in the splendor of sisterhood. . .

Blinked at the brilliance of the warmth and beheld the rose and diamond.

I've heard it said that a sorority is sad; I can't agree. . .

For I have heard the cheerful songs of frolicking pledges. . .

Heard the low laughter of puzzled actives and the everlasting chuckle of glee in the air.

I've heard it said that a sorority is a dull, selfish place, It can't be true. . .

For I've seen the affection, watched it fill my heart, the very air. . .

And I have learned the Creed polished and spotless from end to end

And I've watched the sorority's devotion drape each and every active and pledge to look like Nature's freshly granted love nourished for growth.

I've heard it said that a sorority is harmful, But they are wrong. . .

For I know my sisters . . . have watched them strive to save a cause, spend of themselves. . .

And I have watched them live, love, and labor, watched them hope, dream and aspire, side by side. . .

I've heard them say these things, but I would disagree. . .

Because for every shadow I have seen a hundred rays of light. . .

For every plaintive note I've heard a symphony of joy. . .

For every penny weight of bad, I've found a ton of good. . .

Good in Nature, in People, in my sorority, and I'm thankful I belong.

# Know Your Del

### THE FIRST NATIONAL CONVENTION

In June, 1910 Delta Zeta met for the first conventibn which strictly deserves the name "national," for the Convention of 1907 was exclusively of members from Alpha chapter and was devoted to the reorganizing of Delta Zeta. That of 1908 was held before Delta Zeta had qualified for membership in the National Panhellenic Conference. The Convention of 1910 was therefore a milestone of importance.

"The first session of the Delta Zeta Convention was called to order by the Grand President, Mrs. Hayes, June 17, at the Columbia Club, Indianapolis, Indiana." So wrote Ada Mae Burke, E, secretary pro tem.

Indianapolis had been selected for convention because it was the home of Mrs. Hayes, and also because its location was central from the standpoint of delegate travel. Roll call was answered by the delegates from Alpha, Beta, Delta, Epsilon, Zeta and Eta Chapters.

Probably the most important single action of the convention was the naming of Ruth Gaddis, Alpha, as the editor of the sorority magazine, The LAMP.

A Songbook was also approved, with Alma Miller of Delta chairman.

Extension was another fascinating topic. Much information and interesting discussion was exchanged, but no aggressive campaign was formulated.

The Lamp of  $\Delta Z$ Historical Issue, May, 1952

## A LOOK AT NATIONAL HEADQUARTERS

From one large, utilitarian office in the Johnson Building in Muncie, Indiana, to our efficient suite of rooms at 21 East State Street Columbus, Ohio we have seen as much growth and change in our National Headquarters as we have in our sorority. At the 1975 Convention the delegates will have the opportunity to see our current facilities and growth, and as they tour National Headquarters they will see that the welcome mat is always out.

Our National Headquarters have been located in various parts of the United States, but regardless of the location the purpose has remained the same—to be of service to all Delta Zetas.

It was at the 1922 Convention that Elizabeth Coulter Stephenson placed before the Convention are commendation that a Central Office for sorority business be established. Her proposal was accepted, and Delta Zeta became one of the first National Panhellenic groups to take this step toward efficiency and progress. The Johnson Building, Muncie, Indiana was our first site, with Grace Mason Lundy, Epsilon, as our first executive secretary.

By 1924, we had a new address, 1340 Park Avenue, Indianapolis, Indiana, the same executive secretary and a part time assistant. The office was located in a residential area and living quarters were available (for rental) for its secretary at the same address.

In 1926, Sabina Murray, Beta, was named Executive Secretary and a downtown location was thought to offer better facilities for mail, for officials on sorority visits, and thus a convenient location in the linois Building became National Headquarters for the next biennium.

Irene Boughton, Iota, became our next Executive Secretary in 1928, and when Myrtle Graeter Hinkly. Delta, was elected to the presidency, the office moved to her home town in San Antonio, Texas 1026 Milam Building. Moving central office was not the gargantuan job it is nowadays, so when Margarel Huenefeld Pease, Xi, became President in 1933, the Carew Tower in Cincinnati, Ohio, became the locale In 1940 the sorority brought its headquarters back to Indianapolis which was close to home for Presidents Frances Westcott and Grace Mason Lundy. This time it was located in a new office building, 1325 Circle Tower. Here it remained from 1940 to 1951.

# Zeta

by Sandra Hart Horton, BK National Director, Sorority Education

When the need for more space in which to carry on the work of National Headquarters, as well as a trend away from the business areas, led to the purchase of a Delta Zeta owned headquarters on Pennsylvania Ave., Indianapolis. This was a spacious residence in a quiet northside area which provided expanded space for business operations, for storage of records and supplies, and for the receiving of visitors and official callers. A comfortable apartment for the Executive Secretary in the same building was part of the advantage it offered.

During this period, the sorority was experiencing a greatly expanded growth and in 1953 had set another precedent by establishing a new position, that of College Chapter Administrator, to direct the entire program of the college chapters. The selection of Marguerite Wherry Havens, BK, to supervise this work meant that its office would be in Des Moines, lowa, her home.

From 1958-1966 a National Headquarters Committee gave careful study to the future consolidation of the three offices; Simplified Audits, located in Phoenix, Arizona under Helen Nolop, Γ, CCA, in Des Moines under Marguerite Havens, and NH in Indianapolis under Irene Boughton. With their retirements in 1966-68, National Council turned to the management experts in the firm of Lybrand and Cooper who assigned one of their consultants to learn NH headquarters procedures, needs, prospects and to chart improvements for the immediate future. They carefully studied every detail of Delta Zeta business for many weeks and presented their recommendations to National Council for the organization and updating of a new headquarters in Columbus, Ohio.

So, Suite 600, Twenty-one East State Street Columbus, Ohio became the location of our National Headquarters and Betty Heusch Agler, Xi, became Executive Secretary. Our headquarters are located in a handsome, well-known business building known as the Beggs Building. It fronts the square where the State Capitol's white pillars stand out attractively against the green sweep of lawn. Not only does this office provide for efficient and comfortable work, it is a pleasant environment for the staff, and a source of satisfaction to all Delta Zetas.

## REMEMBER THE YEAR-1952

- —Golden Jubilee Convention held at Roosevelt Hotel, New Orleans, Louisiana
- —Three Founders initiated and given the 50 year membership in the Order of the Golden Rose.
- —Roberta Stout, Nu, winner of the Grace Mason Lundy Award.
- —Joyce Dusendorf, Beta Pi, received the Florence Hood Award.
- —Dorothy Walker Scott, Mu, was the Woman of the Year.
- —Beta Pi and Beta Tau chapters were presented the Founders' Awards.
- —Council Awards went to Alpha, Mu and Beta Alpha chapters.
- The new Delta Zeta flag was designed and displayed.
- —Bernice Hutchison Gale, M, was elected National President.
- —Gamma Phi Chapter, State Teacher's College, Indiana, Pennsylvania was installed.
- —Memorial Plaque and Scholarship was presented to Miami University, at the Golden Anniversary Dedication.

Betty Heusch Agler,  $\Xi$ , Linda Gregg Doyle, BI, and Karen Bernard Dickens,  $\Gamma\Xi$ , check plans for the Albuquerque province work shop.

# Alumnae Doings

Akron, Ohio: Variety spiced the spring activities here. In March, the alumnae sponsored a Theater Party for a performance of *Kiss Me*, *Kate!* and enjoyed a slide presentation on human awareness entitled "Have You Smelled a Flower Lately?" Then "Flowers Under Glass," a demonstration on creating terrariums, highlighted the April meeting.

Albuquerque, New Mexico: Programs for the alumnae have been part of their Interest Enrichment Series that features speakers from the community who present their "special" projects. There is usually one of the alumnae associated with this project in some way. One such project was a presentation of Petroglyph Rubbings from New Mexico and Hawaii. Collegiate and alumnae members from the Mountain States attended a weekend workshop in Albuquerque. Featured speaker was Betty H. Alger, E, Past National President. The weekender was directed by Linda Gregg Doyle, BI, province collegiate director, and Karen Bernard Dickens, ΓΞ, Albuquerque alumnae president. Turtle Talk, genealogy, training sessions, and a song and skit contest highlighted the workshop.

Berea, Ohio: For some indulging and fun, try an ice cream party. Every person brings one kind of topping for an ice cream sundae. Just think of the creations! The alumnae indulge every year and invite the pledges to this "Ice Cream Pledge Party." Another idea to try is the Mini Pink Elephant Sale. Each person brings old white elephant sale items to a meeting. Bidding starts at between 5 and 25 cents.

Columbus, Ohio: Many people think of football and Ohio State University when they think of this city. The speaker at the alumnae meeting in April was Mrs. Woody Hayes (the wife of the OSU football coach . . . in case you haven't heard of Woody Hayes). Of course, husbands were invited to the meeting! The alumnae hired a deaf magician to perform for the children at the Ohio School for the Deaf to enliven a Saturday afternoon.

Findlay, Ohio: The winter months were brightened by two special parties. One was a Tasting Party, for which every sister brought a dish just big enough for each person to have a taste. The second party was the Sweetheart Dinner.

Fort Collins, Colorado: Members brought their own favorite pieces of antique glass to be discussed at a program about antique glass at their January meeting. A special moment at the meeting was the appearance of three deaf children from a school for the deaf that is one of their philanthropies.

Houston, Texas: Alumnae celebrated the wearing o' the green with a *Luck of the Irish* Casino Party. After the games, prizes were auctioned. Other winter and spring activities ran the gamut from a scholarship dinner for the collegiates, to a vegetable casserole tasting luncheon, to a program on the selecting and care of antiques.

Orange County, California: Husbands were honored at Husband Appreciation Night. Another good idea is the alumnae's book and plant exchange. Those who enjoy reading swap books and those with green thumbs bring their plant startings for others.

Phoenix, Arizona: It was a busy winter for these alumnae. They were involved in many fund raising projects: a Dessert Card Party, the sale of Raggedy Ann and Andy plaques, Mr. and Mrs. Claus plaques, bread dough baskets, and participation in a soap survey. Jennifer Bath was selected by her employer, Hunt-Wesson Foods, to be one of 22 representatives at a sales seminar in San Francisco. She was the only woman attending. Carolyn Sellers is conducting a course in Beginning Astrology.

Portland, Oregon: The alumnae have a special definition of optimism to share. Optimism: that cheerful frame of mind that enables a tea kettle to sing even though it is in hot water up to its nose!

Sacramento, California: An attractive, but easy-toarrange table decoration can be made from driftwood and plant cuttings. For the Flame Fanatasy Fashion Show, the alumnae drilled holes in the driftwood. Cuttings from succulents and easy-to-grow plants were then planted in these holes. For relaxation in March, the alumnae had a one day bus trip to Harrah's at Tahoe.

San Antonio, Texas: It sounded as though the alumnae had a mini-sewing bee at one of their winter meetings. Each person brought gingham material and cut out aprons from patterns available at the meeting.

San Francisco Bay Area, California: This group has saved over 271,000 brand name coupons to purchase five televisions for hospitals. They need a total of 300,000, so there are only 29,000 left to collect!

San Jose, California: Informative programs for the year have included a cake decorating demonstration by Linda Lieberman, a recent winner of a silver medal for an Australian cake; a self-defense instruction by the police; and a suitcase-packing lesson provided by American Airlines.

Seattle, Washington: Area alumnae donated items for a gigantic Corporation Garage Sale this spring. In April, alumnae, husbands and friends toured the Mt. Rainier Brewery.

South Bay Area, California: Lee Meriwether was the commentator and June Van Dyke was the coordinator for the annual Fashion Show, which was a red, white, and blue spectacular called America the Beautiful. A wine tasting hour with a buffet dinner was one of the special fund raising events this year. A Bingo party completed the year. Just for fun, the alumnae had a sisterhood game night. Everyone brought a favorite game to share.

Julie Kishel Foster,  $\Gamma A$ , was chairman of the Greek Gatsby benefit of the Cleveland Panhellenic association, a dinner dance at the Crawford Auto Aviation museum, located in the million dollar wing of the Historical Society. On her committee was Pat Higgins Leech, A, alternate delegate. Eight months of planning and working paid off with a profit of over three thousand dollars to be used for scholarships. Costumed for the ball are Mrs. Douglas Moore, Sigma Sigma Sigma, Julie, and Mrs. Richard Rayburn, Phi Mu.

Louise Ann Roth Carnes,  $\Delta X$ , Kay Hibler Schlough,  $\Delta \Sigma$ , and Marsha Holland Hynes, E, made decorations for the sixteenth annual Flame Fantasy luncheon of the Sacramento alumnae. The theme this year was "Drift into Spring". The yearly fashion show is presented to support the chapter's local philanthropies, the Sacramento Hearing Society, Newborn Testing program, and Special Education schools with hearing programs.

## Juanita Alving, San Mateo

Juanita Eitel Alving, M, of San Mateo, California, has been selected as a fellowship honoree of the San Mateo Branch of the American Association of University Women. Because of her notable contributions to the organization and the community, a \$500 gift will be presented in her name to the AAUW Educational Foundations Fellowship Program.

Juanita earned her B.A. from the University of California. Since 1967, she has been in charge of the Social Science Learning Center of Burlingame High School.

Her service to AAUW has included the presidency of the Bakersfield chapter, the vice presidency of the Salt Lake City branch, membership on the California committees "The Beleaguered Earth" and "Global Interdependence," and chairmanship of several San Mateo study groups. One of the groups was instrumental in preserving the Western Hills section of San Mateo.

Juanita is also a community leader. She is a charter member and vice-president of the Friends of the San Mateo Public Library. She is a member of the Beaches Committee of the Regional Planning Committee for San Mateo County and chaired the Council for Governmental Responsibility. In addition, she helped organize and served on the Environmental Quality Coordinating Council of San Mateo County.

Juanita is a woman involved in the betterment of her community and environment.

There once was a DZ For her not so EZ To remember to bring Her dues to Eileen.

This year we're behind; Our members we find Have forgotten to send Their dues with a friend.

So this reminder to you Important, not new, Six dollars to mail Today without fail.

Mrs. Davis, her name 4019 Stathmore your aim. Help out your sorority; Don't be in the minority.

A gentle reminder from Rose Clippings, San Antonio Alumnae

Washington, D.C: The alumnae honored Miss Anne McGinnis, National Vice-President of Alumnae Affairs, at a tea in the home of Dr. and Mrs. Edward Merrill. Dr. Merrill is president of Gallaudet College and their home, on campus, has been designated as a National Trust for Historic Preservation. Invitations were sent to Panhellenic delegates and alternates in the D.C. area. Lucille May was chairman for the event.

Waukesha Area, Wisconsin: Something has been added to stimulate attendance at monthly meetings. An impossible to replace door prize is given to a lucky gal at each meeting. Serving as leaders for a Cub Scout troop of the mentally retarded are Ted and Eileen Smith Landman, EK. In February, the Epsilon Kappa reunion was held in Waukesha.

A Teach Your Child to Talk kit, was purchased by the Clay Platte alumnae for presentation to the county health department with proceeds from their Flame Fantasy of Fashion. Mrs. Vonda Johnson, supervisor of speech therapy, Kay Mekemson Myers,  $\Delta\Sigma$ , and Alyce Priefert Hanson, ET, Missouri, study this kit which assists with parent education for speech therapy.

Serving juice to her preschool class is Jonene Davis Mc Dermid, Ball State graduate.

**Courtesy Dispatch Newspapers** 

## Helene McLaughlin

Helene Allen McLaughlin, E, was awarded First Place in the Illinois Federation of Women's Clubs State Writing contest. Her entry was judged by professional writers and journalism teachers.

She was a member of the Indianapolis Alumnae chapter from the time of her college graduation until 1973 when she and her husband moved to Naperville, Illinois, to be closer to their family. While she lived in Indianapolis, she spent much of her spare time writing. A number of her poems were published in the paper.

Helene writes, "I have been writing for forty years. . . For 25 years I wrote a yearly inspirational article on a theme. . . These were a sort of history in story form."

Since moving to Naperville, she has joined their Women's Club. As a result of her participation in the club's Creative Writing Division, she submitted a children's story and won first place in the Women's Clubs' contest in Juvenile Fiction and third place in Light Verse and Essay.

## Indianapolis Alumna

Indianapolis alumnae chapter's philanthropy chairman, Jonene Davis McDermid,  $\Gamma X$ , Ball State, has a special interest in serving the deaf. She teaches preschool deaf youngsters at the Indiana School for the Deaf. Jonene enjoys her work, which includes teaching speech, speech reading, auditory training, sign language, finger spelling, math, language, reading and general readiness skills to eight four year olds.

Indianapolis alumnae have a long tradition of assistance to the school. For the past two years, Delta Zetas have supplied primary children at the deaf school with juice and cookies for a morning snack and Kleenex for winter sniffles.

Recently the chapter established a weekend recreation fund which provides money for children who must stay at the school on weekends so they may enjoy outings and special treats. The alumnae were entertained at their recent meeting by a group of seven year old deaf children who song-signed Christmas carols for the group and jumped for joy when Santa made an appearance with presents for all. The children took back many hats and mittens from a mitten tree members assembled.

## Dr. Sharon Woodruff

Dr. Sharon Woodruff, A $\Psi$ , was one of three women to receive the "Woman of Achievement" Award from the Alumni Association of Southern Methodist University. She is currently in private practice as a psychiatrist and neurologist in the rural community of Washington, Missouri.

She earned her B.S. degree from SMU in three years and is particularly appreciative of the encouragement given her by her professors there.

Established in her own private practive with children and adults, she says, "I don't regret the hard work." Dr. Woodruff's resume is lengthy, filled with numerous professional training experiences from 1965-1972, teaching and lecture positions, several medical publications and lists of seminars and meetings she has addressed, as well as many professional affiliations.

Before going into private practice, she was in charge of the neurology clinic and an instructor for residents in neurology and psychiatry at St. Louis State Hospital.

Her vast contributions to the field of medicine and her ambitious practice of psychiatry and neurology are evidence of her deserving standing as a 1974 Woman of Achievement honoree.

## Colonnade Club

Vera Hedges Tuggey, Irene Ragon Shipp and Stella Cash Bell at Dalias Colonnade luncheon where Vera and Stella were honored.

Members of the Dallas Delta Zeta Colonnade Club, Beta chapter, gathered at the home of Irene Ragon Shipp, president, to honor Stella Cash Bell and Vera Hedges Tuggey in recognition of their fifty years as members of Delta Zeta Sorority at a luncheon in a setting of beautiful pink roses.

Becky Barr, Dallas Alumnae president, assisted in the ceremonies bringing an inspiring message from the history of Delta Zeta. . . reviewing that many of the qualities of Delta Zeta Founders were appropriately applicable to the lives of Stella and Vera. They have reached out generously, intelligently, shared their time and talents in the most worth while movements in their communities. They are people who drew and held the admiration, friendship and loyalty of many others. They have an enormous zest for life, the hard, the easy, the familiar, the untried, the possibilities and privileges of it, and the obligation of each of us to BE a person and participate fully in life, all of our life.

The children of these two  $\Delta Z$  grandmothers joined the Dallas Delta Zeta Colonnade Club in presenting them with Golden Rose Pins and Certificates.

Stella Cash Bell, a graduate of the University of Oklahoma at Norman, had served as C.C.D. of Alpha Psi chapter and for six years served as Texas State Chairman president of Dallas Delta Zeta Colonnade Club, and always a valuable resource for all officers. She is the mother of two  $\Delta Z$  daughters.

Vera Hedges Tuggey, a graduate of Kansas State University at Manhattan, where she was a member of Lambda chapter has done graduate work in music at the University of Michigan, University of Arizona, Southern Methodist University. She has served as Delta Zeta Province Director of Texas, College Chapter Director and worked in Dallas Delta Zeta Colonnade Club. Vera is an active, teaching member of the Dallas Music Teachers Association of Private teachers, has served as President of the Dallas Music Educators Association and Vocational Director in the Altrusa Club of Dallas, is a faithful and active member of her Church School class at the Highland Park Presbyterian church. She is also the mother of two  $\Delta Z$  daughters.

## Esther Campbell

Esther Wilson Campbell, IΔ, Edinboro, former Assistant Professor of Music at Edinboro Pennsylvania State College, was honored by the administration and Board of Trustees at the Winter Commencement. Dr. Chester T. McNerney, College President, presented Esther with a Certificate of Merit in recognition of her 40 years of service to the college in the Music Department.

In addition to administrative and teaching duties, for 35 of these years Esther directed the Collegiate Singers, the Madrigal Singers, Men's Glee Club and Women's Chorus. A founder and advisor of Mu Kappa Gamma music honorary, Esther is the second Delta Zeta of Iota Delta chapter to be so honored by the college. The first woman to be presented a Certificate of Merit in 1972 for her contributions to the growth of the college was Delta Zeta sister Justina Baron.

Esther retired in 1968. She was honored that year as Grand Marshall at the spring commencement ceremonies. She received her Bachelor's Degree from Oberlin College and Master's Degree from Northwestern University. She also attended Columbia and New York Universities, Eastman School of Music and the University of Florida.

The only member of the college's Music Department for many years, Esther was in charge of all musical and dramatic events. She directed the college choir when it presented two concerts at the New York World's Fair. An accomplished pianist, she wrote the music for the Shakespearean productions and school musicals.

A member of the American Association of University Professors, Pennsylvania Music Educators' Association and Mu Phi Epsilon, Esther has served as president of several organizations including Delta Kappa Gamma, the Shadbush Club and the Heather Garden Club.

Esther, an alumna initiate in 1965 when the Alpha Delta local Sorority was installed as lota Delta Chapter of Delta Zeta, is currently serving the chapter as a Patroness.

## Marion Hodge

Anyone who has been associated with the teaching profession would appreciate this headline on a newspaper article that appeared in the Whittier, California, Daily News: "Former School Superintendent Leaves An Indelible Mark on Community Life." These inspiring words are a tribute to Marian Wilson Hodge, M, who was associated with the Whittier School system during the 30's, 40's, and 50's.

In 1941, she became the first woman to head a California high school. One particularly poignant moment of her career came after the bombing of Pearl Harbor when she called the students to assembly. "It was with terror in my heart that I explained that this was not the doing of their Japanese classmates and I appealed to them to be thoughtful."

Whittier High students presented her with a plaque of appreciation. Marian appreciated this tribute, but she appreciated even more the aid to the bombed Freiburg, Germany. Pen pal correspondence between high school students in the two cities helped pave the way for later student and teacher exchanges. In the 50's when she and her husband visited Freiburg, they were received beautifully even though Americans had been responsible for the bombings of this city.

Since her retirement in 1959, she has continued as president of Whittier City Library Board of Trustees to act as liaison between students, teachers, and librarians in solving library-related high school problems. She organized the Whittier Teenage Republican Club and was named Republican Woman of the Year in 1974. In addition, she has belonged to many community and church organizations.

She began the Hodge Foundation for the Whittier Public Library in memory of her late husband to provide books and supplies not available through ordinary funding to the library.
